## SPORT "DOPE"

## To Get Even.

Furman's aggregation of Baptists has been badly mopped up by out-of-state teams, so this afternoon the boys will try to get even by walloping the Presbyterians from Clinton. And they are not cocksure of that.

## The Sally Opens.

With Savannah missing and Montgomery filling her place, the South Atlantic league opened its thirteenth season yesterday. Albany is expected to turn the trick again, with its little city of 12,000 inhabitants and 11,999 baseball fans.

## Encampment Games.

Local fans are sharpening their baseball appetites for the Clemson-Furman and Clemson-Wofford games here the latter part of the month. These contests will be Anderson's main athletic events of the season.

## Figure 'em Yourself.

Baseball enthusiasts can figure the "club standings" for themselves until the race warms up. With less than a dozen games played, and the clubs leaping from the cellar to top division almost daily the sport's editor says: "What's the use."

## News Worth While.

When a baseball game breaks up in a fight it's worth almost a column more of "dope" than it would have been otherwise. For example: Greenville. Last Saturday the catcher and ump lived things up in the sixth advance by rubbing the dust off the home fort with their fists and it was necessary for the bulls to take a hand in the melee. Then the papers got busy and used team after team of "valuable white paper" telling about it, both editorially and in the news column. Gaines, the V. P. I. backstop is quite an asset when he pays a visit.

## "No-Hi" League.

Augusta papers give much publicity to an organization called the No-Hi league and from early spring to frost the fans talk of the doings of this little band. Anderson schools could easily form such an organization, and in time it would develop into something worth while.

**Sure Medicine for Children.**  
"Is it safe?" is the first question to be considered when buying cough medicine for children. Chamberlain's Cough Remedy has long been a favorite with mothers of young children as it contains no opium or other narcotic, and may be given to a child as confidently as to an adult. It is pleasant to take, too, which is of great importance when a medicine must be given to young children. This remedy is most effective in relieving coughs, colds and croup. Obtainable everywhere.

WOFFORD WILL PLAY  
CLEMSON ON MONDAY

And Not Furman as First Announced—Furman Will Play Here Tuesday Afternoon.

The baseball game in Anderson on Monday afternoon of next week during the encampment will be between Wofford and Clemson and not Furman and Clemson as first stated. However there will be one between Furman and Clemson on Tuesday afternoon. Both of these games will be called at 4:15 o'clock.

This is better than having two games with Furman, since the people will have a chance of seeing the Wofford team play.

FURMAN TO CLASH WITH  
PRESBYTERIAN COLLEGE  
AT GREENVILLE TODAY

Greenville, April 17.—On Tuesday afternoon the Baptists and Presbyterian boys are scheduled for a lively contest at Augusta street park. The Presbyterian college team from Clinton comes here for a game with Furman.

The Presbyterian college put out a fast basketball quint and "walked away" with Furman's five but the local collegians expect to hit the "horsehide" for enough runs to defeat them in baseball.

INCINERATOR PLANT  
IS SATISFACTORY

Was Inspected Yesterday Afternoon By City Council and Board of Health.

The members of city council and the board of health went down to the incinerator plant yesterday afternoon for the purpose of inspection. It being the first time the plant had been put into operation. They found it satisfactory in every way, and the papers of acceptance and contracts will be signed within the next few days.

Mr. Brown, the man who has superintended the building of the plant, will remain in Anderson for the next few days until Health Officer Campbell becomes perfectly familiar with the operation of the plant.

WOULD LEASE OR  
SELL CHICKS FOR  
MILITARY SCHOOL

Greenville, April 17.—Greenville citizens who have interested themselves in the proposition to establish a military academy in this section, and who have been negotiating with the owners of the Chick Spring property for use as a military school, have secured from J. A. Bull, who with associates have purchased a four-fifths interest in the property, a definite proposition to lease or sell the property for a military school, if was learned Monday. The figures for the lease or sale have not been made public, but it is understood the terms offered are favorable.

Definite announcement was made Saturday that J. A. Bull, of this city, S. L. Stroud and P. N. Perry, of Lynchburg, had purchased a four-fifths interest in the Chick Springs property, and would open the hotel for guests by June 1.

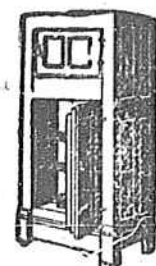

Whether or not the hotel property is leased or purchased for use as a military school, is to be determined by the Greenville citizens who have taken an interest in the proposition, and who have agreed to back the proposition financially. No definite announcement can be made as yet, as the plan has not yet reached definite form, but it is fast assuming tangible shape. The plan to establish the military school was first suggested by Captain W. D. Workman and G. H. Mahon, Jr., of this city, and other young men of the city interested in military affairs. These men have talked the matter over with some of the older citizens, and it is understood they have received pledges of co-operation from a number.

## PREVENTION

An ounce of prevention is worth a pound of cure. This is the day of PREVENTIVE MEDICINE. Nowhere is this so necessary as in regard to the care of the TEETH. Visit the dentist AT LEAST twice a year, whether you think you need it or not. Let him give your teeth a thorough cleaning, search out the beginnings of decay, clean off the tartar, and in general PREVENT those dental evils that are likely to grow on you unawares.
